High Risk Hope expands services to Hoag Memorial Hospital Presbyterian in Orange County, California

Newport Beach, CA - High Risk Hope, a non-profit organization headquartered in Tampa, FL, will expand its services and programs to Hoag Memorial Hospital Presbyterian beginning on January 11, 2017. High Risk Hope volunteers will deliver more than 400 NICU Napsacks and Bed Rest Baskets to Hoag Women's Health Institute at Hoag Hospital Newport Beach. The care packages include basic items for expecting mothers on hospital bed rest and premature infants in the neonatal intensive care unit (NICU), allowing Hoag patients and their families more time to focus on the health of themselves and their baby.

This cross-country expansion was made possible by a \$31,500 donation from The Legacy Foundation. Thanks to the Legacy Foundation's generosity and the future support of this community, High Risk Hope plans to serve thousands of women and their families in Orange County for years to come.

ABOUT HIGH RISK HOPE

High Risk Hope is a 501(c)(3) *for purpose* organization that provides support, encouragement, information, and resources to women and families who are experiencing a high risk pregnancy resulting in hospital bed rest, potential premature birth, and neonatal intensive care after delivery. High Risk Hope's Bed Rest Basket and NICU Napsack programs provide personal items to patients on long-term hospital bed rest and families with premature infants in the neonatal intensive care unit that are crucial to a long-term hospital stay. High Risk Hope reaches over 2,500 families annually, helping to prolong pregnancies and improve outcomes for premature infants.
